#### LOCAL BRIEVITIES.

**Waters of Minor Moment in and About the City.**

Wheeling won another.

The Crystal glass works in Bridgeport will not shut down this summer.

To-morrow morning the circuit court will be in session, Judge Paul on the bench.

Four disorderlies were the crop harvested by Captain Bennett's men yesterday.

The new steel foot bridge at the Riverside was thrown open for use yesterday.

Refreshments will be served at Ziegenfelter's, by the W. U. B. S. Ladies this evening.

Stop at Ziegenfelter's after your car ride this evening, and have refreshments for sweet charity.

Get up a trolley party and take ice cream and cake at Ziegenfelter's, for sweet charity, this evening.

Yesterday, John Nolan was released from the county jail on his own recognizance, for appearance at the next term of the criminal court.

The Mohaska Pastime Club, of the South Side, left Tuesday, on a fishing trip. They will camp near Detroit, Mich. There are ten in the party.

The Franklin Insurance Company, of Wheeling, has declared a semi-annual cash dividend of three per cent, payable on demand at the company's office.

The La Belle tin mill resumed yesterday. Repairs are being made to the furnaces in the plate mill, and the employees of the latter mill will likely go on Monday.

The criminal court will be in session Saturday, when Judge Hughes will probably have received arguments for a new trial in the case of the state vs. William Eaton, will be heard.

The annual meeting of the Republican National League of Clubs will take place at Detroit next week. Hon. T. M. Garvin, one of West Virginia's delegates, will leave for Detroit next Monday.

The Drovers' Home Athletic Club gives a picnic at Mozart park, Saturday afternoon and evening. Mayor's band furnishes the music for dancing and there will be all kinds of amusements.

The latest theory for the supposed new mill the Riverside will erect is that the structure will contain six open hearth furnaces, for the manufacture of an improved grade of steel, or homogeneous steel, as mill men term it.

The Wheeling & Lake Erie Niagara Falls excursion on next Wednesday, will take out a large number of Wheeling people. One feature of the trip that particularly pleases is the jaunt down Lake Erie on the magnificent new steamer, City of Buffalo.

Jim Smith, an Elm Grove miner, will answer to three charges of assault and battery, preferred by Lester Smith, this morning, before Squire Fitzpatrick. Yesterday Jim threw stones at Lester, the genial conductor on the Elm Grove motor line, and he seems billed for a salty dose to-day.

Herman Buorkorts was defendant in Squire Huber's court last night, to a charge of stealing a horse from Charles Kreiter. It was alleged that Kreiter owed Buorkorts money, and the latter took the horse in payment. The hearing was continued until this evening. Both parties live in North Wheeling.

The Wheeling Park Association has decided to give a press day for the Wheeling newspapermen. The date will be set within a few days by Superintendent Rolfe of the park. It has been proposed that in addition to the usual features, a base ball game, skiff and tub races, bicycle races and other contents be held.

A meeting of the stockholders of the Junction Iron & Steel Company has been called for Friday, July 25, at the company's office in the City Bank building, this city, when the ratification of the deal by which the Junction and Aetna-Standard corporations become one, will take place.

The hot weather has had considerable effect upon the men at the Riverside and during the past few days several have been forced to quit work, though there were no prostrations. Tuesday night some difficulty was experienced in prevailing upon the men to continue at work, and sixteen of the plate mill workers were slightly overcome.

The board of county commissioners went out to Pleasant Valley yesterday afternoon at 3 o'clock and met the councilmen of that municipality, together with citizens. There was a discussion relative to the route of the new Wheeling & Elm Grove line through Pleasant Valley, but nothing was determined upon and the board came back to town late in the afternoon. It is likely that the commissioners will meet next Monday and take up the Wheeling & Elm Grove ordinance.

"I HAVE used Chamberlain's Colic, Cholera and Diarrhoea Remedy during the past summer and I find it will do just what it is recommended to do. I cheerfully recommend it."—D. W. HUCHNER, Clarkburg, W. Va., September 20, 1896. This remedy is for sale here by druggists.

THE Tennessee Jubilee Singers will give a concert at the First U. P. Church, on Chapline street, July 9.

DROWNERS are dispelled by BUCHANAN'S PILLS.

## WHEELING WOMEN

To Operate the City's Street Railway System To-day

IN THE CAUSE OF CHARITY.

The Fair Conductors Have Been Assigned Their "Tours," and Some of Them will be on Duty Early in the Morning. Chaparones will accompany the ladies. List of Those who will Take Part in this Novel Charitable Movement.

"Here's hoping for hot weather to-morrow," said Colonel Sam B. Harrison last night, as he turned on the ice spigot at the McClure. He was discussing "Woman's Day" on the street cars with W. W. Hazard, of Cleveland, a member of the board of directors of the Wheeling Railway Company. Mr. Hazard re-echoed the hopes of the blonde colonel, and the traveling men induced to remain over a day to see the fun, said they hoped so too.

For hot weather will do much to shovel the shovels into the coffers of the Woman's Benevolent Union, in the scheme it has on hands to-day. High temperatures is league with the street cars to draw trade, and a trolley ride as a cooler discount electric fans or any of the manufactured breezes. As Uncle Sam's weather man promises plenty of good warm sunshine to-day, the hopes of Colonel Harrison, the promoter in Wheeling of to-day's novel street spectacle, have been realized.

It was nearly midnight last night when the ladies in charge made out the complete list of the fair conductors and dignified chaparones, who run Wheeling's street cars to-day for all the money there is in it. It has taken several days of hard labor to get things in shape, and the efforts made should be well repaid. Though the complete list is not given below, the other ladies detailed will get the required information from the committee in charge. Some of the assignments:

**Martin's Ferry Line.**  
From 8 o'clock a. m. to noon: Chaparones—Mesdames R. M. Baird, Clark Hamilton, Dr. Harrison, J. C. Lynch, L. J. Bayha.

Conductors—Misses Julia Wilson, Jennie Updegraff, Annie Miller, Lizzie Jones, Virginia Harrison, Bessie Jepson, Jenny Hervey, Lizzie Hunter, Hattie Pace, Tucker, Mrs. Hamilton, with Miss Bessie Jepson and Miss Virginia Harrison, are to go on at 10 o'clock.

From 2 to 4 o'clock p. m.: Chaparones—Mesdames Sallie McCulloch, Cecil Robinson, T. C. Moffat, R. W. Hazard.

Conductors—Misses Evaline Jepson and Julia Savage, Ida Smith, Etta Stittman, Reaick, Dee Pollack, Minnie Gilchrist.

From 4 to 6 o'clock p. m. Chaparones—Mesdames J. L. Sooy, Fred Williams, R. H. List and William Chapman.

Conductors—Misses Dickey, Nad Wilson, Ada Jepson, Egerton, Steinfeld, Cora Gutman, Etta Carroll, Maude Jones.

From 6 to 8 o'clock p. m.—Chaparones—Mesdames J. J. Jones, Burckly, Ebeling and Egerton.

Conductors—Misses Rena House, Etta Dittman, Laura Nesbitt, Miss Comerford, Pace, Jennie Hervey, Bird Schultz, Lizzie Hunter.

From 8 to 10 o'clock p. m.: Chaparones—Mesdames R. J. Reed, G. K. McMechen, J. P. Culbertson, W. J. W. Cowden.

Conductors—Misses Laura Dalsell, Emily Pollack, Martha Hare, Laura Conner, Mary Moffat, Miss Wheeler, Jessie Berger, Rose Hunter, Fanny Lynn.

From 10 o'clock p. m. to midnight: Chaparones—Mesdames Etzler, John List, Will B. Day, Asa Booth.

Conductors—Misses Brown, Blanche Moffat, Fullerton, Cora Gutman, Edith Myer, Isabel Frank.

**Benwood Line.**

From 8 to 12 o'clock a. m.: Chaparones—Mesdames G. Lamb, Chas. Kilmyer, Metcalf, G. K. McMechen, T. C. Moffat, Ebeling, Howard Haslett, Alex Campbell, Morris Horkheimer.

Conductors—Misses Minnie Margot, Nettie Nesbitt, Rena Gordon, Schultz, Wingert, Rock, Lucy Howell, Pearl, Jennie Jepson, Alice Bates, Blanch Frank, Carrie May Baer, Dee Pollack, Jennie Franzheim, Annie Pfarr, Grace Stone, Schopper, Friedel, Ella Wright, Ada Jepson.

From 12 to 12 p. m.: Chaparones—Mesdames T. C. Moffat, Metziman, J. A. Metcalf, John Frey, Alex. Campbell, John Giheldaffer, Henry Speyer, Morris Horkheimer, Thompson, George Adams, Lou Swabacker.

Those selected for the Benwood line will report at the street car barns; those for the Martin's Ferry at the street car office, North Main street. The first cars to be controlled by the ladies are those leaving at 8 o'clock this morning. The regular conductors and motormen will accompany all cars, but the conductors will not be uniformed, that honor being borne by the young ladies selected.

Crowds are expected from Moundsville, Bellaire, Martin's Ferry and all nearby towns, and it is safe to predict that each car will be comfortably filled. It is likely the cars will have some form of decoration, and in the evening there may be trolley parties formed, a privilege which can be secured from the committee composed of Mrs. Julius Pollock and Miss Dee Pollack. If no trolley parties are arranged, three cars will be brilliantly illuminated with colored lights just the same, and any person may make a ride up presentation of a quarter. These cars will give their passengers twenty minutes' time for refreshments at Ziegenfelter's, where some ladies will dispense ice cream and cake. While the passengers are being thus regaled, the car will make a circuit of the loop.

It may be that the Bridgeport line will not be under female supervision. In that case regrets are in order. Otherwise let loose the passions of merriment, wipe up your loose change, take a day off and a ride; all it costs is a nickel, and as much more as you choose. The wheelingites to-day will have "Woman's Day" on the street cars, something that only one or two other cities have had up to date.

MEAL Tickets good for twenty-one meals, at the Hotel Brunswick Restaurant, No. 1137 Market street.

F. C. SWIFT, Prop.

## IN THE OIL FIELDS.

The Elk Fork pool in Tyler county, continues to be the center of attraction for oil men. All are now speculating on its probable limits to the southeast. Those familiar with the country express the opinion that the Conway development to the east of the Elk Fork pool will be connected by a continuous line of producing wells when the end has been reached, and that the production will be several times greater than at present. The distance between the two developments is about five miles, with Conway a little south of east.

The gauge of twenty of the largest wells in the Elk Fork pool for the twenty-four hours ending Wednesday morning was 3,380 barrels. The S. A. Keller No. 1, is the largest, and is credited with 240 barrels a day. L. A. Brennan shot his No. 2 Roberts, and increased its production to one hundred and twenty barrels a day. A number of important wells to the north, northeast and southeast of developments are due this week.

Northeast of the older developments, in the Benwood pool, in Monroe county, the Fisher Oil Company has drilled its No. 2, Bonli, into the Big Injun, and will have a producer good for twenty or twenty-five barrels a day.

A mile west of the Benwood pool, the Royal Gas Company has started to drill on the Mobley farm. This is an important test well of the pool. The same company is building the rig for a wildcat venture on the Henthorn farm, located two miles east of Cameron, Monroe county.

In the Hebron Cow Run sand development the Carter Oil Company has completed its No. 8, on the A. Broadwater farm, and has a fifty-barrel pumper.

In the Cornwallis pool in Ritchie county, Woodruff, Cox & Company have drilled in Nos. 2 and 3, on the Gilbert Sigler farm, and they are showing for two hundred barrels a day from the sand.

A. C. Hawkins has drilled in his No. 6, McGregor, and has a salt sand gasser. The Clark Oil Company No. 8, C. & M. Carroll farm, has been drilled in and is showing for seventy-five barrels a day from the salt sand. The last two wells mentioned are located 2,000 feet northwest of Cairo.

In Wetzel county, the Kanawha has drilled in its No. 11, on the Mills tract, and will have a fifty-barrel pumper, No. 14, on the same tract, is due in the sand to-day.

Near Deep Valley Postoffice, Tyler county, the same company has drilled its wildcat on the Lorenzo Cain farm, through the Gordon and found nothing in that formation. This is the first and only well in that locality that has been drilled through the deep sand.

**The Richland Resumes.**

The Richland Oil Company has its affairs straightened out and arrangements completed to resume active operations and further development of their large and promising territory a few miles south of St. Clairsville. Mr. Ketchum, of Chicago, and Mr. Barclay, of this city, are the prime movers in the concern. They already have two fair producing wells that were drilled last summer by A. L. Post. Mr. Post has been put in charge of future developments, and will commence next week to pump the two wells already drilled and drill another well, the location of which has been made. J. O. Ingelfield will put up the derrick for the new well at once.

**Flint Glass Workers' Convention.**

PITTSBURGH, July 7.—The only business of importance transacted by the American Flint Glass Workers' Union to-day was the adoption of a resolution asking Congress to tax all foreign labor. The rest of the day was devoted to committee work. It is said that these committees will be in session during the rest of the week and that they will be ready to report next week when the real work of the convention will begin.

Mr. Post has been put in charge of future developments, and will commence next week to pump the two wells already drilled and drill another well, the location of which has been made. J. O. Ingelfield will put up the derrick for the new well at once.

**Hawaiian Annexation Treaty.**

WASHINGTON, July 7.—Senator Davis, chairman of the committee on foreign relations has called a meeting of the committee for the purpose of considering the Hawaiian annexation treaty. It was at one time thought the treaty would not be considered with a view of reporting it this session, but it is now the intention of the friends of annexation to report the treaty.

**HON. C. B. BUSH, president of the Gilmer County, W. Va. court, says that he has had three cases of flux in his family, during the past summer, which he cured in less than a week with Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Bush also states that in some instances there were twenty hemorrhages a day.—Glenville, W. Va., Pathfinder.**

This remedy has been used in nine epidemics of flux and one of cholera, with perfect success. It can always be depended upon for bowel complaint, even in its most severe forms. Every family should keep it at hand. The 25 and 50 cent bottles for sale by druggists.
